"... every cut of meat can be traced back directly to our local breeders and producers"

Established in 1989, this butchery has an environmental conscience and a passion for quality.

We deal directly with carefully selected growers who share their passion for the well being of the livestock and the environment.

Our beef and lamb supplied by "Bellevue", Cootamundra, NSW is free range and grass feed without the use of herbicides or pesticides.

Ron Ward from Bellevue has been supplying me since 1990.
